

PURPOSE

What is the biggest purpose behind your idea?
(a highly aspirational tagline that tries to solve a global challenge)

To help make the lives of people with disabilities easier.

SOCIAL IMPACT

What positive impact does your idea have on society?

It helps make the lives of people with disabilities easier. it also helps in equality of chances between normal people and people with disabilities.

ENVIRONMENTAL IMPACT

What positive impact does your idea have on the environment?

It isn't directly related to the environment.

PEOPLE

Who will benefit from your idea?

People With disabilities

MOONSHOT

Describe your idea in 3 sentences!

Adam is a virtual assistant specifically made for people with disabilities.
Adam will be able to help people with disabilities with their daily life activities.
Adam will be free to use a mobile application that is easy to interact with while having a disability.

BREAKTHROUGH TECHNOLOGY

Which technologies help you realize your idea?

Artificial intelligence technology

FINANCIAL IMPACT

How do you make sure your idea is financially sustainable?

A lot of money is not needed to make our idea become true and the mobile application may have three types of funding, User donations, Sponsors (foundations) and Public funding (projects like from the european union or specific countries).
