IDEA CANVAS — Neopolis — moonshot pirates

PURPOSE

Every place deserves sustainability.

- To turn out every real estate into a sustainable one ranging from schools to sky scrappers.
- Providing a platform where all companies working in sustainability can come together to support each other from varied services [offline generally] & products[online e-commerce].

SOCIAL IMPACT

- An easy to pick option for households for buying sustainable products from our e-commerce

- We will be covering various aspects of sustainability while implementing our measures & practices at a place such as-
  @Clean tech & Emissions
  @Production & Consumption
  @Food,Climate,Soil Analysis
  @Packaging & Transportation
  @Flora & Fauna Protection
  @Automation & Intelligent Machines
  @Waste & Water Managements
  @Health & Awareness Concerns
  @Safety & Emergency Tracking
  @Construction & Infrastructure

- Promoting future led sustainable leaders with our specialised training courses such as:
  @Sustainability Architectures
  @Sustainability Managers
  @Sustainability Astronauts
  @Sustainability Tech Experts
  etc

PEOPLE
Industries
Real Estate Owners
Individual Households
Governments
Students & Sustainability Trainers

THE GLOBAL GOALS

MOONSHOT

- **Sustainable Real Estate**
- **An E-commerce build upon sustainable products**
- **Training courses for architectures,product managers,students etc for advanced sustainability managements.**

Schools
Workspaces & stores
Architectures
Business apartments
Parks
Petrol pump
Sea ports
Transport stations
Mall

BREAKTHROUGH TECHNOLOGY

Drones
XR
System Softwares & AI
IOT
Embedded Systems
Data Science
Robots & Intelligent Machines
Biotech

ENVIRONMENTAL IMPACT

- Pollution check at individual industry & workspace level
  ^^Noise Pollution
  ^^Radioactive Contamination
  ^^Soil & Water Pollution
  ^^Air Pollution
  ^^Land Pollution

- Plastic & Eutrophication Check
- Oil Spills & Sea Port Measures
- Sustainable Carbon Footprint
- Implementation of Alternative Energy Measures
- Under our major projects of railway stations ,bus stopages, parkings, schools etc we would be able to make much bigger impact.
- An overall eco-system change surrounding the specific real estate

FINANCIAL IMPACT

For our usual customers that are workspaces we will charge them in two phases-
1]The initial project of full transformation
2] Regular maintainance with monthly charges[optional]

Our training courses will be paid and at an affordable price-
Architectures,Astronauts,Managers,Students,Researchers etc

For our big projects we will be partnering with Governments & other supportive institutions for funds [for areas such as transportation stations,government offices,monuments etc.
