

PURPOSE

What is the biggest purpose behind your idea?
(a highly aspirational tagline that tries to solve a global challenge)

**Providing a bright world, full
of lights, without infrared
rays, a world with a natural
climate**

**SOCIAL
IMPACT**

What positive impact does
your idea have on society?

**It will reduce
infrared rays and
thus provide a
natural and
friendly climate
for human souls,
and will also
provide
sustainable and
cheap energy**

**ENVIRONMENTAL
IMPACT**

What positive impact does
your idea have on the
environment?

**It will protect us
from the damages
of infrared
radiation and will
provide sustainable
energy that is not
polluting or
harmful to the
environment**

PEOPLE

Who will benefit
from your idea?

The whole world

MOONSHOT

Describe your idea in 3 sentences!

**Building a city with
sustainable energy, a bright
and lively city, with a natural
climate**

BREAKTHROUGH TECHNOLOGY

Which technologies help you realize your idea?

**Equipped chemical
laboratories, Google.**

**FINANCIAL
IMPACT**

How do you make sure your
idea is financially sustainable?

**Because it depends mainly
on sulfur and tin, and both
are available in nature in
abundance and at a cheap
price**
